Love All Night

Jeremih

Baby let your hair down, let me set the moon right
blend in with the stars underneath the moon light
we can take it far , farther than we've ever gone
(ooooh babe)
There must be a magnet
cause physical attraction , runs through our things love
makings ever lasting
Lights and the cameras . were never out of action
(nooooo)
(CHORUS)
Everytime we make loveeee
all night
all night , all
when we make loveee
all night , all night
with you. .
is it just my imagination spinning through my head?
sipping champagne , rose peddles on the bed
teach each other lessons , over and again
like baby when we kiss (feels just like heaven)
when we touch (i just got to hold you in my arms)
gotta keep you up until its all gone
(CHORUS)

Everytime we make loveeee
all night
all night , all
when were about to make loveee
all night , all night
with you. .
(x6)
La la la la love
ill give it to you from my heart
Cause you got the kind of love one wishes upon a star
dont tell me to gooo , cause i wont stop.
until the morning comes
raise the sun
yeaaaah thats when you know
we made loveee all night

all night
all yeah were about to make love
all night
all night
with youuuuu .
(x6)
La la la la love
