

Attack

System Of A Down

Breathing each other's lives
Holding this in mind
That if we fall, we all fall
And we fall alone
The cold insincerity of steel machines
Have consumed our euphoria
Transforming us into muted dreams
Dreaming of the day that We attack
Attack, attack your fetal servitude
We attack
Attack, attack, attack with pesticide
We attack
All the years of propaganda
We shall attack Books illustrate what we already know
Candles cry towards the sky
Racing your flags along polluted coasts
Dreaming of the day that We attack
Attack, attack your fetal servitude
We attack
Attack, attack, attack with pesticide
We attack
All the years of propaganda
We shall attack Attack
Attack Breathing each other's lives
Holding this in mind
That if we fall, we all fall
And we fall alone Breathing each other's lives
Holding this in mind
That if we fall, we all fall
And we fall alone What's the philosophy of displaced mines The bombing of all homes and
Villages Truth is the only sword bleeding minds Bleeding till the day that We attack
Attack, attack your fetal servitude
We attack
Attack, attack, attack with pesticide
We attack
All the years of propaganda
We shall attack Attack all the homes and villages
Attack all the schools and hospitals
You attack all the rapes and pillages

We shall attackWe shall attack
