

# Live A Little (Single Edit)

Kenny Chesney

Stressed out, running late, racing down the interstate  
Spilled hot coffee down the front of my jeans  
It's work, work, pay the rent, money and my time's spent  
Not a minute left for me to be me Been going like nothing can wait  
I gotta get my priorities straight I need to live a little, have some fun  
Take some time, waste it on number one  
Find a girl that brings my whole world to a stop  
Live a little, love a lot Friday night, here we go, do a little do-si-do  
Kick back, have a laugh, catch my breath  
Tell the band slow it down, there she is, think I found  
Maybe Miss Wonderful, I haven't met yet It just hit me like a wrecking ball  
She's giving me a wake up call I need to live a little, have some fun  
Take some time, waste it on number one  
Find a girl that brings my whole world to a stop  
Live a little, love a lot Step back, smell the rose  
Feel the sand between your toes  
Unplug, unwind  
Step out in the sunshine I need to live a little, have some fun  
Take some time, waste it on number one  
Find a girl that brings my whole world to a stop  
Live a little I need to live a little, have some fun  
Take some time, waste it on number one  
Take the girl, get a map and pick any ol' dot  
Live a little, we need to live a little, love a lot
