Eskimo Lament

The Coral

Rain, rain go away
Leave me here alone again
Where weary eyes and hollis tales
Play heavy on my mindRain, rain don't dismay
Come back on a better day
Where weary eyes and hollis tales
I've left them all behindSome say I'm a fool
See me on a beggar's stool
But all my truths are lied
And all my secrets have been toldRain, rain go away
Come back on a better day
When all my lies are gone
And all burdens have been sold
