

# Playin' Around With Love

**Barbara Mandrell**

Not too long ago you said to me  
"I believe it's time you set me free  
'Cause I found a woman who knows how to love me right  
And she don't mind if I lay out all night" And you said, "Hallelujah this woman sure gets to ya  
I finally found peace of mind"  
A singing hallelujah you don't know what good it'll do ya  
Playin' around with love I'll do it every time But then one day she felt like movin' on  
One goodbye and you were all alone  
And it's funny and I could almost hear the sound  
When your whole world came tumblin' to the ground And I said, "Hallelujah that woman socked it to ya  
Just walked away and blew your mind"  
A singing hallelujah you've got what's comin' to ya  
Playin' around with love I'll do it every time
