

Fat Babies

Lyle Lovett

I said I don't like hippies
And I, I don't like cornbread
And I don't like much
I said I don't hippies
And I, I don't like cornbread
And I don't like much, and that's okay 'Cause fat babies have no pride
Fat babies have no pride
Fat babies have no pride
And that's okay, who needs pride But I like you, 'cause you like me
And you don't like much
I said I like you, 'cause you like me
And you don't like much and that's okay 'Cause fat babies have no pride
Fat babies have no pride
Fat babies have no pride
And that's okay, who needs pride Fat babies make me sick
Fat babies make me ill
All that fat baby drooling
And that fat baby smell I said I don't like hippies
And I, I don't like cornbread
And I don't like much
But I like you 'cause you like me
And you don't like much and that's okay 'Cause fat babies have no pride
Fat babies have no pride
Fat babies have no pride
And that's okay, but who needs pride anyway
