

Out My Window

Sawyer Fredericks

Looking out my window
See the ground
I'm falling down.
This will all be over
Tired of this world
I'm leaving now.

Looking out my window
Sun is just coming down
And as I'm falling
And as I'm falling
I turn around.
Look at the life
I live in
And I know there's
People who love me.
Too many people
Who don't.

Looking out my window
See the ground
I'm falling down
This will all be over
One more step
And it is done

And as I'm falling
And as I'm falling
I turn around
Look at the life
I live in.
And I know there's people
Who love me
Too many people who don't

Looking out my window
Sun is just coming down
I'm coming down.
I'm coming down.
