

Nazi Girlfriend

Iggy Pop

I want to fuck her on the floor
Among my books of ancient lore
So I will make a full report
I've got a Nazi girlfriend
It's not the four inch heels she wears
It's not her baby fine blond hair
It's more the desert in her stare
I've got a Nazi girlfriend
She's not the colt, that she once was
She's elegant but youth is lost
Still she has ways to make me talk
I love you Nazi girl
Her French is perfect so's her butt
She wears two crosses tangled up
She's independent, she's not dumb
Tough little Nazi girl
So now I've fucked her on the floor
Among my books of ancient lore
And I have made a full report
About a Nazi girl
