

# You Come Through

**PJ Harvey**

We are waiting  
For the summer  
The sun will bring back  
Treasures for us Come on my friend  
Drink to good times  
Golden wishes  
To your health and mine You come through  
For me  
You come true  
For me You be well  
For me  
You come through  
For me I'll be lifted  
On this our holiday  
I'll take you my friend  
I'll take you with me You come through  
For me  
You come true  
For me You be well  
For me  
You come through  
For me
