

Twinkle Twinkle

Dawud Wharnsby

Wow, look at all these stars,
It's amazing,
Look at that one,
Wait a minute... that's not a star,

Twinkle Twinkle little satellite,
Shining like a star so bright,
Cluttering up the evening sky,

You're not a star, you are a lie,
Twinkle twinkle satellite,
Man made garbage in the night.

Hm.
