Smile in Your Sleep

Silverstein

When I'm lying in your bed
Play the motions through my head
You know that I'm thinking, I'm thinking
And I have reasons to believe that I'm not the only one
That you spend this time with but I'll stayYou say you're weak
You won't let me down, you won't let me down
You lie through your teeth
You smile in your sleep, smile in your sleepWhen we met you said we were the same
You know that we're different, we're different
And all the times you promised me
That everything would work out in the end
You were gravely mistakenYou say you're weak
You won't let me down, you won't let me down
You lie through your teeth
You smile in your sleep, you smile in your sleepYou lie, you lie, you lie, you lie
You lie, through your teeth
You won't let me down, you lieI deserve better than this, I dream of steel
Maroon and warm, your end
You blue eyes, your blue eyes
Your blue eyes, you gasp for airI'll see this through, I'll see through you
Your pale, your pale, your pale
Your pale blue eyesWhen you're lying in your bed
Your eulogies been read
You know that it's fading, you liedYou say you're weak
You won't let me down, you won't let me down
You lie through your teeth
You smile in your sleep, you smile in your sleepYou smile, you smile, you smile, you smile
I deserve better than this
