

# Highway (Killing Me)

Foghat

Ridin' on the freeway, where the lights are dim  
My chances of relaxin' are gettin' mighty slim  
I close my eyes and wonder how long it's gonna be  
I know I've got to travel but the highway's killing me  
Looking out the window, not a thing to see  
Only my reflection staring back at me  
I close my eyes and wonder how long it's gonna be  
I know I've got to travel but the highway's killing me  
I get so weary, how can I rest?  
The road is rocky and I feel so depressed  
I close my eyes and wonder how long it's gonna be  
I know I've got to travel but the highway's killing me
