

(Listen To the) Flower People

Spinal Tap

Listen to what the flower people say
Listen, it's getting louder every day
Listen, it's like a bolt out of the blue
Listen, it could be calling now for you Flower people walk on by
Flower people don't you cry
It's not too late
It's not too late Listen, it's like a Mozart Symphony
Listen, it's something just for you and me
Listen to what the flower people say
Listen, it's getting truer every day
