Simply Beautiful

Queen Latifah

If I gave you my love
I'd tell you what I'd do
I'd expect a whole lot of love outta youYou gotta be good to me
I'm gonna be good to you
There's a whole lotta things you and I could doWhat about the way love me?
And what about the way you squeeze me
It's simply beautiful, beautifulIt's simply beautiful baby, simply beautiful
The way you love me, it's simply beautiful
I'm gonna be good to youSo many things I could do for you, baby
Our love is simply beautiful, simply beautiful
When you get right down to itWhen ya need me I'll be right there
Simply beautiful
When ya need me I'll be right thereSimply beautiful
When ya need me, right there
Simply beautiful
