

Big Time

[Trace Adkins](#)

Get ready baby, we're going uptown
It's Friday night, we're gonna get down
I thought you might like this brand new baby-blue dress I figured out about a quarter to ten
We'll be partied out and headin' in
You and me alone, darlin', doing what we do best Big time, we're gonna have one
Big time, we're gonna grab some
Lovin', huggin', cuddlin' upin' rendezvous
'Cause I'm in love with you, big time A little music, a sip of champagne
By candlelight, just doin' our thing
Let the crowd wonder what in the world happened to us Well they can boogie woogie all night long
Let 'em dance until the cows come home
For what we want this old honky tonk ain't enough Big time, we're gonna have one
Big time, we're gonna grab some
Lovin', huggin', cuddlin' upin' rendezvous
'Cause I'm in love with you, big time Girl, I'm talkin' about a Big time, we're gonna have one
Big time, we're gonna grab some
Lovin', huggin', cuddlin' upin' rendezvous
'Cause I'm in love with you, big time, now
Yeah, I'm in love with you, big time Big time, b-big time
I'm talkin' large
