

Butterflies

Stevie Hoang

Girl it's killing me to know
(Baby) I'll never be with ya (with ya)
I'll never be with ya (ooh hoo ooh hoo)
Never gonna be the one (baby)
I'll never be with ya (with ya) 2x
I'll never be the one for you I see the way thatchu look at him,
Girl I wish you looked at me that way
I see the way thatcha holdin' him (holdin' him)
And it's way more than my heart can taake~ (baby) And girl I think that it's 'bout time that I should let you know
That I'm leaving you alone and I'm finally movin' on
And it's the hardest thing to step aside and letchu go But I realise
I'll never be the one you think of every night
I'll never be the one to give you butterflies
It's killing me to know we can never be more than friends,
And it's where the story ends
I'll never be the one for you I'll never be the one to make you fall in love
However hard I try, it just won't be enough
Can someone tell me how am I supposed to carry on
When I know I'll never be the one And I know I've only got myself to blame (cuz girl I really thought)
That eventually one day you'd feel the same
But I see the way he makes your heart skip a beat,
I really wish that, that could be me
But it just wasn't meant to be
I'll never be the man thatcha need (baby) And for so long girl it's been you that I've been living for
And now that dream is gone,
How do I carry on?
Cuz it's so hard to accept he's the one you really want And I realise
I'll never be the one you think of every night
I'll never be the one to give you butterflies
It's killing me to know we can never be more than friends,
And it's where the story ends
I'll never be the one for you I'll never be the one to make you fall in love
(In love) However hard I try, it just won't be enough (enough)
Can someone tell me how am I supposed to carry on
When I know that I'll never be the one What do I do when the one I love, is loving someone else and she just
don't feel the way I feel about her?
Someone tell me where do I go?
When the one I need is needin' someone else, and she just don't want me like the way I want her
I guess this is the price I'm gonna have to pay (ooh ooh)

For dreamin' my life away (ooh ooh) I spent all my life, all my time, it's killing me now I gotta say goodbye, can
someone tell me why~? I'll never be the one you think of every night
I'll never be the one to give you butterflies (girl it's really killing me)
It's killing me to know we can never be more than friends,
That's where the story ends
(Girl) I'll never be the one for you (Ooh yeah~)
I'll never be the one to make you fall in love
(Noo hoh~) However hard I try, it just won't be enough
Can someone tell me how am I supposed to carry on (to carry on~)
When I know that I'll never be the one I'll never be the one you think of every night
I'll never be the one to give you butterflies
It's killing me to know we can never be more than friends,
And there's where the story ends
I'll never be the one for you
