

Animal Backwards

Minus the Bear

In the reflection, in the reflection
I don't know you that well but I like your energy
She is a wolf lookin' through my window
She is a wolf lookin' through my window
You know I'm safe, my wolf, I wanna roam
Behind this pane, behind this wall of stone
Caught in the pull of your green-eyed glow
I wanna feel my skin in the snow
She is a wolf lookin' through my window
She is a wolf lookin' through my window
Caught in the pull of your green-eyed glow
I wanna feel my skin in the snow
You know I'm safe, my wolf, I wanna roam
Behind this pane, behind this wall of stone
She is a wolf lookin' through my window
She is a wolf lookin' through my window
(She is a wolf lookin' through my window)Ahh, ahh, ahh, ahh
Ahh, ahh, ahh, ahh, ahhMy new love
Howlin' in the night outside
In the night outsideMy new love
Howlin' in the night outside
In the moonlightMy new love
Howlin' in the moon light
In the moonlightI don't know you that well but I like your energy
(Your reflection)
I don't know you that well but I like your energy
(Your reflection, your reflection)
Caught in the pull of your green eyed glow
She is a wolf lookin' through my window
(I wanna feel my skin in the snow)
She is a wolf lookin' through my window
(You know I'm safe, my wolf, I wanna roam)
She is a wolf lookin' through my window
(Behind this pane, behind this wall of stone)
She is a wolf lookin' through my windowAhh, ahh, ahh, ahh
Ahh, ahh, ahh, ahh, ahh
