Systematic Elimination

Cannibal Corpse

Scurrilous, widespread death
Punitive, stagnant mess
Rancorous killing spree
Punishing massacreEternal insanity fueling the need
To randomly vanquish mankind
The inception of ultra demiseSystematic elimination
Systematic eliminationBarbarous, genocide
Mutilate, withered lives
OminousSystematic elimination
Systematic eliminationDie human thing, rot eternally
One, one by one are left to bleed
Cries bellowing instant misery
Gone, life is gone lying in death's bedThe act of murdering, so empowering
Exact number of dead will be unknown
Intact corpse are few and far between
Destroy, [Incomprehensible] of sufferingOne, one by oneKilling and killing at will
Methodic destruction must thrive
Values of horror instilled
Deep in a most sinister mindRancorous, barbarous
Scurrilous, ominous
You will now dieAnnihilate the populace
To consecrate this earth as a graveOne, one by oneSystematic elimination
Systematic elimination
One by one rot eternally
