Suzanne

Unwritten Law

She was the cutest girl I'd seen
With eyes so deep and colored green
And it only took a look you see
When Suzanne had put a spell on me
It made me feel so high in ecstasy
Oh, here I go, now you just got to know
The way I feel Suzanne
The way I feel Suzanne
I knew I couldn't try to move too fast
I knew this time I had to make it last
Yea the way she made me feel
Had got a hold on me, it was so unreal
The way she made me feel would never pass
Oh, here I go, now you just got to know

The way I feel Suzanne
Here I go, now you just got to know
The way I feel Suzanne
The way I feel Suzanne
When you make the sun shine in the day
Why do you make me feel this way?
You make me wanna fly away
Far away, go
Suzanne, Suzanne, Suzanne, Suzanne
Here I go, now you just got to know
The way I feel Suzanne
Here I go, now you just got to know
The way I feel Suzanne, Suzanne
