

I'll See You Soon

Medic

Goodbye, goodnight
It's time to go
Sleep in, Sunrise may God rest your soul
We'll find our way somehow
It won't be long now I'll see you soon
I will wait for you
We'll leave behind the aftermath
We'll run, we'll make this better now Goodbye, goodnight
It's time to leave
Awaken my sleeper will you believe
We'll find our way somehow
It won't be long now I'll see you soon
I will wait for you
We'll leave behind the aftermath
We'll run, we'll make this better now
