Superhero

Amber Lawrence

Everybody's scared of something
Everybody knows
Life's not like the movies
Rescue credits roll
Ironman is probably busy
Spiderman's got webs to weave
They might not be around today for meSo what to do
When they all fall throughI am not wonder woman
Invincible or made of steel
I'm not extraordinary
I got dreams and I am real
Face my fears I lose my sorrow
Stronger than I thought I could
Be that better me tomorrow
Be my own superhero
SuperheroI used to be afraid to speak
To say what I believed
I was my own kryptonite
My own worst enemy
And then somehow I found the power locked inside of me
I finally figured out who I could beI knew what to do
Who to stand up toI am not wonder woman
Invincible or made of steel
I'm not extraordinary
I got dreams and I am real
Face my fears I lose my sorrow
Stronger than I thought I could
Be that better me tomorrow
Be my own superheroIt's changing tyres
It's running miles
It's the inner pride when you surprise yourself
Never being content
Paying the rent
The risky step when there's no one there to catch you
If you fallI am not wonder woman
Invincible or made of steel
I'm not extraordinary
I got dreams and I am real
Face my fears I lose my sorrow

Stronger than I thought I could
Be that better me tomorrow
Be my own superhero
Superhero
