Despair-ridden Hearts

Sentenced

All bridges... on fire!
As onward and onward we ride
The smoke rises higher, higher...
Up the ever-darkening sky
So quickly everything swirled; descent of the world
Now it's all a chaotic ruinBurning eerie, sapphire
The foretoken of closing doom
Glowing dreadful and dire, dire...
Is the ever-haunting moon
So sickly everything twirled; the end of the world
Now it's all a chaotic ruinWe came so far, we came so far
So deeply wounded and so scarred our despair-ridden hearts
Frail as we are, frail as we are
Firmly united we will stand 'til the world falls apartWe came so far, we came so far
So deeply wounded and so scarred our despair-ridden hearts
Frail as we are, frail as we are
Firmly united we will stand
Firmly united we will stand
Firmly united we will stand 'til the world falls apart
