

# I Know You Want To

## Luther Vandross

If only I could read your mind  
I could heal your broken heart  
I could mend you when your falling apart I want to love you  
I want to care  
But there's not a thing that I can do  
Not until you say that you want me there  
And that you want me to love you forever  
I know it's what you want  
Though it's easy to say that you don't I know you want to  
Girl I know you want to  
I am not ashamed to say to you  
(You're all I ever wanted)  
I know you want to  
Girl, I know you want to  
So turn around  
Come to me now  
Is it worth it all if there's no love No no no no no love...  
I hear your heartbeat  
I feel you shiver  
And in the stilness of the night  
(I can hear the angels saying to me)  
She wants to love you  
She wants to care  
But she's so afarid of a broken heart  
(She's afraid to dall0  
Will someone be there We'll I'll pick you up and put you together  
I know it;s what you want  
Though you constantly say that you don't I know you want to  
Girl I know you want to  
I am not ashamed to say to you  
(You're all I ever wanted)  
I know you want to  
Girl, I know you want to  
So turn around  
Come to me now  
Is it worth it all if there's no love Do you spend every moment  
Trying to hide out  
From the way you know you truly feel  
And is it really real... You know

How can you keep denying  
That you really love me  
You can try to fool somebody else  
But your lying to yourself I know you want to  
Girl I know you want to  
I am not ashamed to say to you  
(You're all I ever wanted)  
I know you want to  
Girl, I know you want to  
So turn around  
Come to me now  
Is it worth it all if there's no love No love  
No love doo doo do doo  
Yeah...
