

New Abortion

Slipknot

Yea

Ooh

I'm ethereal, my children are legion serial
They stick to my skin like beloved cysts
I tear away with my nails and teeth that fists
Touch the hands of inverted saints
Follow my heart through the threaded pain
Callow man is a sentinel screamin'
I see the future, the future is bleedin'

Yea

Sores, every goddamn minute I can feel 'em now
Like a virus, you will never kill me now
Goin' underground, comin' on like Hepatitis
We're out and you can't reshape us
Another bug in the construct
Tearin' up the main bus B
Zeros and ones are everything, execute me
(Everywhere you look, it's like they know)
Their fingerprints are hidden by control
(This is where the line is drawn, see)
You can't take my soul away from me

Yea

Yea

What do you need to see?

You feel the impact

Gotta retract, everybody get back

What is this? It's like a big conspiracy

Fields of dejected, morbid progeny

They always say that it's always our fault

But everything we say is taken with a grain of salt

Man, it's always the same, if we talk or complain

We only wanna upset the balance

How's it feel to be the new abortion?

The only generation to suffer extortion

(Everywhere you look, it's like they know)

Their fingerprints are hidden by control

(This is where the line is drawn, see)

No

[inaudible][inaudible]You can't take my soul away from me

You can't take my soul away from me
You can't take my soul away from me
(You can't take my soul away)
You can't take my soul away from me
You can't take my soul away from me
You can't take my soul away from me
(You can't take my soul away)

Yea

(Everywhere you look, it's like they know)

Their fingerprints are hidden by control

(This is where the line is drawn, see)

You can't take my soul away from me

Everywhere you look, it's like they know

Their fingerprints are hidden by control

This is where the line is drawn, see

Ohh, you can't take my soul away from me

Ohh, you can't take my soul away from me

Fuck you

Yea

No
