

# Savage Symphony of Terror (Re-Recorded)

## Destruction

It's inside my brain  
It drives me insane  
It's eating me alive  
Into the pits of black  
A faithless payback?  
Evil twisted mind! Twisted reality  
Makes me feel low  
Blood driven infinity  
Welcome to the freak show! The symphony - is killing me...  
The symphony  
The savage symphony of terror  
Narrow downright lad  
Voices in my head  
Strapped and buried  
Killing deep dark hole  
Burning lonely soul?  
Prohibition is your foe!!!
