Circles Around The Sun

Dispatch

When he was born, the doc said ?What?s this??
He?s much too small, it?s like he?s weightless
When he turned six, they answered tests
They searched science, he?s patriotic
Ah let?s send him where no one else has gone
And after all he can not speak or walk
Let?s send him out to moon, do circles round the Sun
When he was twelve, the time had come then
And with his eyes he said he loved them
Then came the suits, then came the government
She stayed and cried, she could not keep him
Ah let?s send him where no one else has gone
And after all he can not speak or walk

Let?s send him out to moon, do circles round the Sun
Hey, hey, hey, hey, hey
Ho, ho, ho, ho, ho, ho
Hey, hey, hey, hey, hey
Oh, oh, oh
Ho, ho, ho, ho, ho, ho
Hey, hey, hey, hey, hey
Oh, oh, oh
Ho, ho, ho, ho, ho, ho
Then he came back, yeah he came back
The doctors were shocked by his vital signs
She said would you like to go home now?
Ah let?s send him where no one else has gone
And after all he can not s?eak or walk
Let?s send him out to moon, do circles around the Sun
