Lyrics

I think Iâ€™ve waited enough
Now go on give me your love
Iâ€™m not afraid to say it
You drive me totally crazy
And all I want is your love
Because its never enough
I know I might sound crazy
But its not that complicated, baby

You and I know it
The whole damned ocean
Aint deeper than us
When we both were in love
I cut my heart wide open
Hoping that youâ€™d come through, come through
You and I know it
The whole damned ocean
Aint deeper than us
When we both were in love
I cut my heart wide open
Hoping that youâ€™d come through, come through

I been hoping that youâ€™d come through

I know it aint all that much
But I would give you my everything and more
And all Iâ€™d ask in return baby
Is that you show me to learn to turn you on
And then Iâ€™d give you my mind
My heart and soul would come with it

And yeah, youâ€™d have all my time
But thatâ€™d be totally fine with me

You and I know it
The whole damned ocean
Aint deeper than us
When we both were in love
I cut my heart wide open
Hoping that youâ€™d come through, come through
You and I know it
The whole damned ocean
Aint deeper than us
When we both were in love
I cut my heart wide open
Hoping that youâ€™d come through, come through

Sit next to me
At the bottom of the sea
I gave my heart to you
But you were just passing through

You and I know it
The whole damned ocean
Aint deeper than us
When we both were in love
I cut my heart wide open
Hoping that youâ€™d come through, come through
You and I know it
The whole damned ocean
Aint deeper than us
When we both were in love
I cut my heart wide open
Hoping that youâ€™d come through, come through
