Stand Up

David Lee Roth

She looks like Monroe
It's a good impersonation
From start to finish
It's her better sideHead over heels
Yes, he feels

A strange sensation

Excedrin Headache number 65That's the trouble with love

That's the trouble with war

You never get what you came forStand up, stand up
The more you do it

The less you fall downStand up, stand up
Put your head in the clouds

And your feet on the groundStand up, stand up

For the time of your life

You turn it up loud

Stand up, stand upWhat kind of fashion

Is this flash infatuation

Is all this admiration mutual? Need no lessons

In emotional starvation

That look in her eyes

Is too good to be trueSo now, you got a good reason

Yeah, but you just gotta learn

It's what makes the world turnStand up, stand up

The more you do it

The less you fall downStand up, stand up

Put your head in the clouds

And your feet on the groundStand up, stand up

For the time of your life

You turn it up loud

Stand up, stand up, stand up

The more you do it

The less you fall downStand up, stand up

Put your head in the clouds

Feet on the groundStand up, stand up

For the time of your life

You turn it up loud

Stand up, stand up
