

# You

## Simple Kid

Lately when Im walkin  
Ive been driftin  
Driftin into you  
Round you, near youLately when Im thinkin  
Ive been tryin  
Tryin to see the world  
Through you, through you, through youJust say the word  
It will be heard  
If you want me to  
I will help you, youLately when Im dreamin  
Ive been fallin  
Fallin through the world  
To you, to you, to youJust say the word  
It can be heard  
If you want me to  
I will help you, youYou, you, youLately when Im walkin  
Ive been driftin  
Driftin through the world  
To you, to you
