

Someone to Color With

[Trixie Whitley](#)

Someone to Color With
Trixie Whitley Thought I knew, bout the things I'd seen
Won't recognize it
It ain't always what it seems..
Psychotic players..
Stand for the way...
Looking down to no man...
Got it by mainly shame...Some time, some place I'll find a friend
Someone said...
Some time, some place I'll find a friend
Someone said..
Someone to color with...Oow Setting the shadow, of a wholesome fire
My Mother's love always pure and infinite
Carried with a trail of pain..
Dug so deeply, till the debt came to me...
Wearing out the passenger seat..
Vehicle with no steel...Some time, some place I'll find a friend
Someone said...
Some time, some place I'll find a friend
Someone said..
Some time, some place I'll find a friend
Someone said...
Some time, some place I'll find a friend
Someone said..
Someone to color with
Someone said
Someone to color with Mmmmm Someone to color with
