

Meanwhile Up In Heaven

Kaiser Chiefs

Picture yourself by a rocket
Picture yourself in a glittering silver suit
Picture yourself getting on it
Saluting the news crews, you're the new hit crew
Do you remember the numbers
Out on the door of the house where you grew up?
Do you remember the colors
Tied round the handles of last year's FA Cup
Meanwhile up in Heaven, they're waiting for you
Meanwhile up in Heaven, they're waiting for you
And if you believe it, you would see that I'm you
Ready to
Meanwhile up in Heaven, they're waiting for you
Meanwhile up in Heaven, they're waiting for you
And if you believe it, you would see that I'm you
Ready to
Guided by love and a flash light
Led by consuming desire for a good idea
Lighting the clock on the passport
It's not worth ten years, but I know that it's still there
Meanwhile up in Heaven, they're waiting for you
Meanwhile up in Heaven, they're waiting for you
And if you believe it, you would see that I'm you
Ready to
Meanwhile up in Heaven, they're waiting for you
Meanwhile up in Heaven, they're waiting for you
And if you believe it, you would see that I'm you
Ready to
Your mind is the key, it is the key that sets you free
Your mind is the key, it is the key that sets you free
Meanwhile up in Heaven, they're waiting for you
Meanwhile up in Heaven, they're waiting for you
And if you believe it, you would see that I'm you
Ready to
Meanwhile up in Heaven, they're waiting for you
Meanwhile up in Heaven, they're waiting for you
And if you believe it, you would see that I'm you
Ready to
