

Slow

[Lisa Mitchell](#)

Well I'm sailing softly across the sea of light,
And it's so comforting to see the bright souls I share it with.

Well the light it flickers, now and then,
But overall I'd say you're my friend.

When you say go, I say slow.

Well the stars seem to shine even
When the clouds are there,
And it's night alright,
And I envy their consistency,
It seems so priceless in the fight.

Well the light it flickers, now and then,
But overall I'd say you're my friend.

When you say go, I say slow.
I say slow.
I say slow.

Well the light it flickers, now and then,
But overall I'd say you're my friend.

When you say go, I say slow.
I say slow.
I say slow.
I say slow.
