# Run, Baby, Run (back Into My Arms)

## Roy Orbison

Run, run baby run
Run baby run, run baby runRun baby run, run baby run
Run baby run, back into my arms
Run baby run, run baby run
Run baby run, back into my armsEven though you hurt me
I still love you, it's true
Even though I know that you will hurt me again
I will love you as I did thenSo run baby run, run baby run
Run baby run, back into my armsRun, run baby run, run baby run
Run baby run, back into my armsI'm not the kind of guy
To ever hurt you or let you down
So if that guy you're seeing ever makes you cry
Leave him, tell him goodbyeRun baby run, run baby run
Run baby run, back into my armsRun, run baby run, run baby run
Run baby run, run baby run
