

I Believe In Your Sweet Love

Bonnie Tyler

If you want my love
You've only got to take it
And if you get my heart
Do anything but break it
And if you wanna know the truth
I think about you only
And whatever I'm doin'
You're never out of my mind
Oh I believe in your sweet love
Oh I believe in your sweet love
There's a way you've got
Something in the mixture
As the night goes on
You could become a fixture
Oh I believe in your sweet love
Oh I believe in your sweet love
Oh I, I, I believe
Oh I, I, I believe
If you want my love
You've only got to take it
And if you get my heart
Do anything but break it
Oh I believe in your sweet love
Oh I believe in your sweet love
I believe in your sweet love
I, I, I believe, oh I, I, I believe
Oh I believe, I believe in your sweet lovin'
I, I, I believe
