I Just Want a Lover

Will Young

I just want a lover
Nothing that is complicated
I don't want to know you
We don't have to talk about it
Let us both discover
There is nothing better than just
Lying here together
Staring out the bedroom windowI just want a lover
Could you be the person for me
Nothing sentimental
I want you to satisfy meI just want a lover
To take away the pain
I just want a lover
To fool around again
Friday seems so easy
Saturday is hard
I just want a lover
To ease my broken heart
Ease my broken heartI just want a lover
Let me hear your body talking
Don't have to imagine
All the things we'd do together
Caught under the cover
Bodies ?
You don't want to know me
Staring out the bedroom windowI just want a lover
I just want a lover
I just want a lover(I don't want to leave)I just want a lover
To take away the pain
I just want a lover
To fool around again
Friday seems so easy
Saturday is hard
I just want a lover
To ease my broken heart
Ease my broken heartI just want a lover
(I desire you, your back's against the wall
You don't have to lose)(I don't want to leave)I just want a lover
Nothing that is complicated

I don't want to know you
We don't have to talk about it
Let us both discover
There is nothing better than just
Lying here together
Staring out the bedroom window
