Place Your Hands

Reef

Oh, place your hands on my hope
Run your fingers through my soul, oh oh, yes
And the way that I feel right now
Oh Lord, it may goSo place your hands on my hope
Run your fingers through my soul, alright I say
Oh, and the way that we feel right now
Oh lord, it may goPut your hands on, put your hands on, yeah
Put your hands on, put your hands on, yeah
Put your hands on, put your hands on, yeah
Put your hands on, putYou know you cannot hide from whats inside
You know you cannot hide from whats inside
So I ask of you to help me through
I ask of you this thing to doPut your hands on, put your hands on
Put your hands on, putSo lay me down for a while
Join my body with my mind, alright now
Oh, and I cried at the common one
For weeks aft he diedPut your hands on, put your hands on
Put your hands on, put your hands onPut your hands on, put your hands on
Put your hands on, put your hands on
Put your hands on, put your hands on
Put your hands on, put your hands on'Cause the way that we feel right now
Oh Lord, it may go awayPut your hands on, put your hands on
Put your hands on, put your hands on
Put your hands on, put your hands on
Put your hands on, put your hands on
