

# Can I Take My Gun to Heaven?

## Cracker

Can I take my gun up to Heaven?  
You know she's always been by my side  
So can I take my gun up to Heaven?  
I'll check it with St. Peter at the gate  
And if I had a woman that was faithful  
Or even kind some of the time  
I'd drag her on up to the gates of Heaven  
Or follow her right down to the gates of Hell  
Can I take my gun up to Heaven?  
You know she's always been by my side  
So can I take my gun up to Heaven?  
I'll check it with St. Peter at the gate  
When I come home from a long day working at the prison  
I find my woman she's not around  
She's down at Dahlie's Corner playing cards and drinking  
Or sitting on the cars singing Dixie with the boys  
So can I take my gun up to Heaven?  
You know she's always been by my side  
So can I take my gun up to Heaven?  
I'll check it with St. Peter at the gate  
Can I take my gun up to Heaven?  
Can I take my gun up to Heaven?  
Can I take my gun up to Heaven?  
Can I take my gun up to Heaven?
