

# I (Seamus Haji Soul Love Mix)

## Donae'o

I dont know what awaits me (x8)Verse  
The rain keeps falling down on me but  
    I know the sun is coming back  
    And I cant let nobody hold me  
    Cant let nobody hold me back  
    I said to God I need your help  
    Lord mother, father I need your help  
        Im asking God to save me  
    The Lord said I need to save myself  
        Save myself and I sayChorus  
I got to get up, I got to be strong, and I got to move forward  
    I got to be focused and motivated (Hey and I)  
        I got change to make it better  
Got to change to be a better manI dont know what awaits me (x8)Verse 2  
    While walking through my own life journey  
        Sometimes I get pushed off the track  
        And I know that destiny deserves me  
        And you better know I got your back  
        So I said to God I need your help  
        Lord mother, father I need your help  
            Im asking God to save me  
        The Lord said I need to save myself  
Save myself and I sayI got to get up, I got to be strong, and I got to move forward  
    I got to be focused and motivated (Hey and I)  
        I got change to make it better  
Got to change to be a better manI got to; I got to move on yeah  
    I got to; I got to move on yeah  
    I got to; I got to move on yeah  
        I will move onBridge  
Well it doesnt make sense me sitting here waiting  
    (Sitting here waiting)  
    So I got to put my feet back on the ground  
        (Back on the ground)  
    And I know if I ask God hell never help me  
        (Help, help, help me Lord)  
    So I got to learn to fend for myself  
(For myself)I got to get up, I got to be strong, and I got to move forward  
    I got to be focused and motivated (Hey and I)  
        I got change to make it better

Got to change to be a better man  
I got to; I got to move on yeah  
I got to; I got to move on yeah  
I will move on yeah (x3)
