

In My Head

Kiss

I'm obnoxious and no one's home
In my head, in my head
Cardboard boxes filled with hate
In my head, they're in my head Nest of termites, glowin' red
In my head, they're in my head Look behind the mask
Try to find peace of mind
And you'll find
Just look behind the man
And lead me by the hand Faded smiles behind dark shades
In my head, in my head
Plastic icons, glowin' red
In my head, they're in my head I experiment with myself
In my head, in my head Look behind the glass
Try to find peace of mind
And you'll find
Just look behind the man And lead me
Aah, haa
Aah, haa Look behind the glass
Try to find peace of mind
And you'll find
Just look behind the man
And lead me Look behind the man
Look behind the glass
Look behind the mask
