All the Way Home

Leila Lopez

Wait a minute baby, going too fast
I'mma turn back, ohhhhh
Wait a minute baby, going too fast
I'mma turn backDon't even know what we fighting for
Damn I need a minute, so baby keep your distance
Heard it out, so I'mma just go
To find a waiting up, I just need some time alone
Damn where the hell are my keys
I just wanna leave, get in my car, and now I'mma just drive, all night
Turn off my phone, radio on, and drive
So why I'm justScreaming down the road, got my head out of control
Cause I'm thinking about you all the way home
Got a long way to ride and I can't even deny
I've been thinking about you all the way homeWait a minute baby, going too fast
I'mma turn back
Thinking about you all the way home
Wait a minute baby, going too fast
I'mma turn back
I've been thinking about you all the way homeHey baby, I'm back and I come down
I've done with all cursing
I came to give you a little something
You got me screaming for a different reason now
Why we break up, stop, turn it up
Neighbors loud, I need down,I head to my car, I don't wanna go
But its getting late, so why don't I just drive all night
Moving real slow, radio low, just drive
So why I'm justScreaming out the road, got my head out of control
Cause I'm thinking about you all the way home
Got a long way to ride and I can't even deny
I've been thinking about you all the way homeWait a minute baby, going too fast
I'mma turn back
I've been thinking about you all the way home
Wait a minute baby, going too fast
I'mma turn back
I've been thinking about you all the way homeAnd all I road, I knew I shoulda stayed right where I wasn't
Instead of drive and think of youSo why I'm justScreaming out the road, got my head out of control
Cause I'm thinking about you all the way home
Got a long way to ride and I can't even deny
I've been thinking about you all the way homeWait a minute baby, going too fast

I'mma turn back
I've been thinking about you all the way home
Wait a minute baby, going too fast
I'mma turn back
I've been thinking about you all the way home
