Hear Them Bells

Neil Diamond

Hear them bells, the story of our love
Hear them bells from up above
My darling, I need you, more each day
I'd be contented dear
If only you would say
I'll be yours forever, sweetheart
Our love is real, we'll never ever part
To be with you, love is my one desire
And if you'll leave me
You'll set my soul on fire
Hear them bells, the story of our love
Hear them bells, the story of our love
Hear them bells, the story's in their sound
Hear them bells, I'm heaven bound
To be with you, love ,is my one desire
And if you'll leave me
You'll set my soul on fire
Hear them bells, the story of our love
Hear them bells, the story of our love
