

# What a Beautiful Day

[Chris Cagle](#)

Day 1, I stumbled through 'Hello' on 5th Avenue  
Day 2, we grabbed a bite to eat and talked all afternoon  
We caught a movie on day 14  
And day 67 she said 'I love you' to me Oh, what a feeling, what a wonderful emotion  
Yeah, what a life, counting my blessings and knowing  
Ooh, we had our ups and downs all along the way  
She had a chance to leave but chose to stay  
What a beautiful day, what a beautiful day Day 116, I asked her what she was doing for the rest of my life  
Day 189, oh, I almost lost that girl to my foolish pride  
She said "I do" on day 482  
And gave me a son on day 761 Oh, what a feeling, what a wonderful emotion  
Yeah, what a life, counting my blessings and knowing  
Ooh, we had our ups and downs all along the way  
She had a chance to leave but chose to stay  
What a beautiful day Day 18,253  
Well, honey, that's 50 years  
Yeah, here's to you and me Oh, what a feeling, what a wonderful emotion  
Yeah, what a life, counting my blessings and knowing  
Ooh, we had our ups and downs all along the way  
She had a chance to leave but chose to stay  
What a beautiful day, what a beautiful day Day 1, I thank God I said "Hello" on 5th Avenue
