# Falling in Love with You

## [Louis Armstrong](#)

When I'm close to you, I feel my heartbeat
Telling me that you're the one for me
Darling, I don't understand the reason
I just know that this was meant to beAnd when I look into your eyes I see it
Everything that I've been searchin' for
Darlin', I don't understand this feeling
I just know it's growing more and moreBecause I'm falling in love with you
It's the easiest thing for me to do
Yes, I'm falling in love with you, it's trueI lie awake at night and think about you
I wake up to another lonely day
I know you'll never feel this way about me
No matter what I do or sayAnd I'm falling in love with you
It's the easiest thing for me to do
Yes, I'm falling in love with you, with youYou say you're not the one for me
That I am just a dreamer
I've tried so hard to make you see
That someone like you could make my dreams come trueBecause I'm falling in love with you
It's the easiest thing for me to do
Yes, I'm falling in love with you
It's the easiest thing for me to doYes, I'm falling
Yes, I'm falling
In love with you
Falling, I'm falling, I'm falling
Falling in love with you
