don't comfort me

Sully Erna

Look at you, my old friend,
Where've you been hiding all this time?
My memories dividin' from what we could've been
And who we are nowTracing the lines on your face,
From a time and a place
When we lived nothing but love
All the time that we wasted,
On the fights, ugly faces
Saying we're all doneSo don't comfort me
Take me from my own child,
Promise a life of family
and leave me broken down!
Don't comfort me,
And tell me I'm the only one,
Who lied all this time!End over end, I've bent over backwards
For you again and again
Everything distracted us from what mattered
And what should have beenRainy night in my head
That it might, be an end
to everything plaguing our love
Show me a light, at the end
of all this tunnel vision
And maybe we'll rise above!But don't comfort me,
Take me from my own child,
Promise a life of family
And leave me broken down!
Don't comfort me,
And tell me I'm the only one,
Who lied all this time, yeahSo don't comfort me,
Take me from my own child
Promise a life I've never seen,
And leave me broken down!
Don't comfort me,
Tell me I'm the only one,
Who lied all this time,
When you're the one with some other guy!
All this time,
You're the one who's being with some other guy!

All this time, you lied
