

Falls Apart

Absence of Concern

It falls apart from the very start, it falls apart
It falls apart, everything around me falls apart
 It falls apart from the very start
It falls apart, seems like everything I touch
 Falls apart, everything around me
Falls apart, when I walk away from you
 I wish I could but I don't always
 Keep the promises I've kept
 I wish I could but I can't always
 Give whatever I have left
 And now it's all so clear
Did any one see what's happening here?
 It falls apart from the very start
It falls apart, seems like everything I touch
 Falls apart, everything around me
Falls apart, when I walk away from you
 When I walk away from you
I know I should but I don't always say
 What you want me to say
I know I could but I don't always act
 Like everything's okay
 And now it's all so clear
Did any one see what's happening here?
 It falls apart from the very start
It falls apart, seems like everything I touch
 Falls apart, everything around me
Falls apart, when I walk away from you
When I walk away from you, when I walk away from
 Everything I have ever been made of
Hates who I am, I'm so glad you waited
Can't get my mind off, that you can love me
 I'm so behind, you're so far above me
And you'll always be the wind under my wings, above me
And you'll always be the wind under my wings, above me
 I will not let it go to waste
I'm takin' all I got, I'm leaving this place
 And I will not let it go to waste
I'm takin' all I got, I'm leaving this place
 Man, I will not be taking up space

I'll take my best shot, I'm picking up the pace and
It falls apart from the very start
It falls apart, seems like everything I touch
Falls apart, everything around me
Falls apart, when I walk away from you
It falls apart from the very start
It falls apart, seems like everything I touch
Falls apart, everything around me
Falls apart, when I walk away from you
When I walk away from you, when I walk away from you
