Inside Out (reNRGized)

PureNRG

(Inside out)
You know me, I know You
I want my life to show You
This love is no secretAnd I don't wanna keep it
Locked up in my heart
(Inside out)
I need You to turn me[Chorus:]
Inside out upside down
Backwards, forwards
Turned around
Take this life here and now
Fill me up and pour me out
I want to feel the change
Within without a doubt
Turn me inside out(Inside out)
When I get distracted
Worn out and disconnected
So far from perfectionPoint me in Your direction
Make this fire burn
(Inside out)
Only You can turn me[Chorus](Inside out)
Lord, let me feel the change
Let Your love pour down like rain
I want Your love to change
Turn me, turn me inside outInside out upside down
Backwards, forwards
Turned around
Take this life here and now
Fill me up and pour me out[Chorus]Hey, turn me inside out
Turn me inside out
