

# Hotel (Featuring Chris Brown)

## Kid Ink

I said why you over there lookin' at me?  
While I'm with my girlfriend  
Why you over there lookin' at me and my girlfriend?  
Let's take it to the hotel, let's take it to the hotel Yeah, I said why you over there lookin'?  
Got a starin' problem and you f\*\*\*in'  
I know you see my girl, stop frontin'  
I could tell you up to a lil' somethin', hol' up  
I'ma play it cool, baby roll one  
While you make your way and get over here  
My girl ain't down then it's over  
Just tell her that she look good when I'm over there  
In the first place, pour one up  
Baby don't be too thirsty  
Groupie love ain't ever gon' work see  
Hoes ain't loyal and never keep it low key  
That ain't alright  
I'ma take a shot, couple shots thru the night  
Tell a joke, keep it fun, make her feel it's alright  
Give you the game wholesale  
And bet a hundred that I take 'em to the hotel I said why you over there lookin' at me?  
While I'm with my girlfriend  
Why you over there lookin' at me (and my girlfriend?)  
Let's take it to the hotel (we can take it there), let's take it to the hotel  
Take it to the hotel, baby leave with me  
Know I got a penthouse suite  
I said why you over there lookin' at me?  
While I'm with my girlfriend It's kinda hard when I see you lookin' over here  
With them eyes  
I got a girl but I'm feelin' your body  
So I'ma have to just play both sides  
I hope she don't come over here  
'Cause I'm with my girl, you know I love 'er  
I got two of my b\*\*\*\*es in the club  
And they know about each other, oh no But a n\*\*\*\* never Paranoid  
You f\*\*\*in' with a man not a little boy  
What? I could barely hear your lil voice  
In the club but your body makin' all the noise  
Clap it up, stack it up  
Where your purse? Just pack it up

Grab her hand, tell her we should go now  
If you really wanna take this party to the hotel I said why you over there lookin' at me?  
While I'm with my girlfriend  
Why you over there lookin' at me (and my girlfriend?)  
Let's take it to the hotel (we can take it there), let's take it to the hotel (baby we can take it there)  
Take it to the hotel, baby leave with me  
Know I got a penthouse suite  
I said why you over there lookin' at me?  
While I'm with my girlfriend Over there lookin' all suspicious  
Get a clue girl, don't be a mystery  
I see you likin' on all my pictures  
Of me and my bi\*\*\*  
Up in all of our business  
So, you gotta know it ain't a limit to  
What a pill and the liquor do  
Make a straight girl go down  
Just spit down  
I might f\*\*\* around and lick her too  
It ain't a problem, my metabolism high  
Eat you both up for dinner  
Just keep it real with a real mothaf\*\*\*a  
Ain't got time for no pretenders  
Now just bring it to me  
That fleek, that freak, no classy stuff  
Been pushin' up, don't p\*\*\*\* now  
B\*\*\*\*, what you really on? I said why you over there lookin' at me?  
While I'm with my girlfriend  
Why you over there lookin' at me (and my girlfriend?)  
Let's take it to the hotel (we can take it there), let's take it to the hotel (baby we can take it there)  
Take it to the hotel, baby leave with me  
Know I got a penthouse suite  
I said why you over there lookin' at me?  
While I'm with my girlfriend
