

Life Round Here (feat. Angel Haze)

Ellie Goulding

[Chorus: Ellie Goulding x4]

Part time love is the life round here

We're never done

Everything feels like touchdown on a rainy day[Verse 1: Ellie Goulding]

Now we're at square one

And we wait too long

Til' we're at square one

(We're never done)[Chorus: Ellie Goulding x2][Verse 2: Angel Haze]

I wonder how you'd feel if you were locked in my mind

See you barely understand my thoughts sometimes

Little bit of depth and a little bit of God

Cause I swear that I be livin' in the dark sometimes

And it sets in here, nobody gets let in

'Til I let my emotions out on every single page and instrumental I'm left with

Shit, I wonder, will I ever really feel shit?

And if it all takes time and I ask why, will time eventually reveal this?

Cause... the remedy, I'm searchin' for the remedy

I'm fucked up and my heart's just another ghost of my memory

Knock real hard on real real wood

Things still feel bad when they're real real good

And my brain's just a vessel and I just wanna heal

But the more you fuckin' know, less things feel real

Less things feel real, and the time shifts

And my mind shifts and ain't really anyone or anything I can really vibe with

Cause... I'm searchin', but I'm terrified

And by the time I find what I'm lookin' for, I'll be dead inside
