

# Earth To Bella (Part I)

## Incubus

Earth to Bella  
You think you've got it all figured in  
Earth to Bella  
Everything you know is wrong  
Well, almostEarth to Bella  
I see where you are not listening  
I bear the burden  
Of being the voice that let's you know we all grow old  
And before you swim you've gotta be okay to sinkEarth to Bella  
The world can be an unfriendly place  
So hold your head up  
And do your best to save some face, it's not so hard  
Just undo yourself and see your second son escapeOkay to sink  
I'm okay to sink  
Okay to sink  
Okay to sink
