This Place

Tamela Mann

I Never knew my life could be this way, mmmm
I never knew the sun could shine all day
Never thought I'd live beyond my past
Until I found Jesus, I never thought I'd be in this place
Oh I'm glad, so glad, I'm living my life in this placeNever knew my heart could feel again
Never knew the pain would let me stand
Never thought my tears could go away
Till I found Jesus, I never thought I'd be in this place
Oh I'm glad I'm living my life in this placeThere's a place in God where we can all be free
A place where God can get the best out of me
There's a secret place in God where He covers meNever knew my heart could feel again
Never knew the pain would let me stand
Never thought my tears could go away
Till I found Jesus, I never thought I'd be in this place
Oh I'm glad I'm living my life in this placeOh I'm glad I'm living my life in this place
Oh I'm glad I'm living my life in this placeBeen a lot places seen a lot of faces
But I never been in this place
Time and time again never thought I'd win
But I never been in this placeThis place, this place
This place, this placeThis place, this placeOh I'm glad I'm living my life in this place
Yes I'm glad I'm living my life in this place
